404 Not Found 451 ms 999 B

FAIL Status code is 204, Delete | AssertionError: expected response to have status code 204 but got 404

Nota: el Json no tenía la clave y el valor ID, y el correo decía que ya había sido usado , por lo que tuve que modificarlo y la petición delete no elimina el correo de la petición post, pero si el Id lo cual hace que se produzca el error 404 en la prueba completa
