

# EVIDENCIA DE PRUEBAS

Fecha:	15/08/2024	Version:	2.0	Plataforma:	Web
URL:	<a href="https://www.daypo.com/crear.php">https://www.daypo.com/crear.php</a>			Estatus:	Pasa
Resumen:	TC02-Validar botón continuar				
Defecto:	Ninguno				
Tester	Jorge Enrique Briches Carabali				

## 1.-Ingresar datos de entrada.

Url:[Crear Test \(daypo.com\)](https://www.daypo.com/crear.php)

Los datos se ingresaron correctamente.

## 2.-Comprobar botón continuar

The image displays two screenshots of the Daypo.com 'Crear Test' (Create Test) interface, demonstrating the 'Continuar' (Continue) button functionality.

**Screenshot 1 (Top):** The 'Proyecto' (Project) tab is active. The test title is 'Examen de matemáticas' and the description is 'Examen del módulo 1'. The author is 'Juan Baigorria' and the category is 'Matemáticas'. The question order is set to 'Orden de creación' (Creation order). The 'Continuar' button is highlighted with a red box.

**Screenshot 2 (Bottom):** The 'Cuestiones' (Questions) tab is active. The question type is 'Escoger' (Choose). The question text is empty. The number of options is set to 1. The question is a multiple-choice question with two options. The 'Continuar' button is highlighted with a red box.

Url: [Crear Test \(daypo.com\)](https://www.daypo.com)

Al dar click en el botón continuar se dirige a la pantalla cuestiones.
